

Living Our Values Award Winners - FY22 Q4

Location	First Name	Last Name	Nomination
BN	Colleen	Delehanty	Colleen serves as Senior Speech Therapist with BN Rehab Services. She collaborated for Joint Commission Stroke Certification and advanced initiatives beyond her role and responsibilities, advancing the Yale Swallow Screen, Modified Rankin, and MOCA to meet system goals, including education of Nursing Leaders, Educators, and Team Members. She was instrumental in bringing TIMS to TriHealth, a system that records Modified Barium Swallow Exams for enhanced patient safety and physician diagnostics.
GSH	Sharlyn	Walriven	SHARLYN did AMAZING JOB fighting for appropriate and safe dc. The patient was elderly blind patient that was going to be discharge home to her elderly husband with rolling walker and new home 02. A discharge order was put into place for her to go home but Sharlyn knew it was unsafe plan. Patient's husband was unaware of the patients new discharge needs. Sharlyn went into action requesting new PT/OT recommendation and educated patient and her husband on safe discharges, pt. was d/c to SNF.
Shared Svcs	Kevin	Vanover	We had a poor team member interaction that occurred at a practice in which a team member was threatened by a former team member. I called Kevin for Protective Services support. Kevin was already off from work and with his family. Within five minutes, Kevin had contacted the practice, contacted his leaders, arranged PS coverage for the practice over the next several days and volunteered to return to the practice, himself, to ensure that every team member got to their cars safely.
HOC	Kristin	Thomas	Kristy is a compassionate, knowledgeable hospice nurse & is an excellent support to our patients & team members. She is the first contact when a patient/caregiver calls for help. She SERVES our patients in her expert, efficient responses. She's also first contact when our field team needs assistance. She is helpful & kind, ensuring our team EXCELS in quality & service. She is a member of the DME Committee & has been instrumental in improvement of VALUEable resources.
TPP	Barbara	Strauss	Barbara is a psychographic heart failure RN at Good Samaritan hospital. She is dependable, detail oriented, and has a drive to care for our heart failure population. She strives every single day to care for each of her patients, come up with new ideas to help them achieve a healthier lifestyle, and she goes above and beyond with helping our underserved population. She is an awesome asset for TriHealth, the Heart Institute and her heart failure patients.

Pavilion/Corp Health	Jeanne	McHugh	Jeanne is dependable, proactive, provides the highest quality of lessons, steps up to help without being asked, supportive of our members and helping them meet their fitness needs. She engages with everyone who comes into our pools. Safety is a priority. She assists other team members if they are struggling with a skill set with a client or if they just need an ear to vent to. She is a true team player and the Fitness Pavilion is blessed to have her on our team!
Butler	Joshua	Luck	Josh is a true team player. He is always willing to help out to serve our patients. He keeps an upbeat personality and is someone you can always depend on to get the job done. He has helped me out in inpatient when we are busy quite a few times, and I really appreciate it! He's never hesitated to assist where he can when he has a cancellation in outpatient. I admire his hard working and easy to get along with attitude.
