

A Safety Reminder for  
Team Members, Visitors, and Physicians

In a rare instance that a person observes a firearm at a TriHealth facility, they are encouraged to:

1. Move to a safe location
2. Notify the Protective Services Communication Center at 513-569-6166 or call 911
3. Provide as much information to the dispatcher as possible
4. Remain in a safe location until Protective Services secures the weapon

Through our partnerships, we will keep TriHealth safe!

For further questions reach out to:

Kevin Grider at (513)-569-1250

Richard Cinfio at (510)-512-2775
