BN	Allyson	Schulte	<p>Allyson has worked extensively with one of our patients that has been on the unit for a few months. This patient came to our unit unresponsive after a medical emergency, emergency surgery and several complications. We provided end of life care and sent him to hospice. The patient arrived back on our unit after a few days at the hospice inpatient unit. Allyson started to take care of him regularly and took a great deal of time making sure the patient was comfortable. Within a week, the patient began opening his eyes and responding to stimuli. First moving one side of his body only then moving both sides of his body. The patient only smiles when Allyson enters the room (the rest of us get a side eye) and has even sat in a chair due to Allyson's diligent care of the patient. He was not expected to live and now has made amazing progress. This is directly related to the excellent care Allyson has provided and her willingness to ensure every patient gets 100% from her.</p>
GSH	Rebecca	Weinmann	<ol style="list-style-type: none"> 1) Becky is the EPITOME of excellency for our mission statement S.E.R.V.E! She has incredible work ethics, astounding teamwork, and unwavering care towards coworkers and patients. She demonstrates professionalism at its best! She continually has a positive attitude regardless of any situation. She goes over & beyond and makes it look effortlessly! She is selfless when it comes to ALWAYS picking up shifts for GSH or GH when needed. Becky is uplifting with a fun twist each day she works. 2) Two weeks ago Lisa Chavez from Glenway Medical center went out to go to lunch. She came back into the building where she got the attention of Stephanie and Rebecca. She told them she did not feel well and that she felt like her throat was tight and her arms were going numb. Lisa and Stephanie acted very quickly, called and 911. It was realized very quickly that Lisa was in the middle of a S.T.E.M.I She was transported to the Cardiac Cath lab and received several stents. Thanks to Stephanie and Rebecca, and their quick thinking they recognized the signs and got Lisa the help she needed in a timely manner.

Shared Svcs	Adam	Roach	Adam leads every department huddle and recognizes those that have contributed to the department success. Adam embodies the TriHealth way by never criticizing individuals and tries to make work practices better for everyone. He values your time and is a good steward of TriHealth resources. You can find Adam practicing the SERVE values when he says hello to you. Adam is one of those employees that goes above and beyond for his customers and team members. He always wears a friendly smile and makes everyone feel at ease. Adam is one of those people who stands out without standing on others. He always makes sure that others receive recognition along side of him and never stands in the spotlight alone. This time he needs to have the spotlight on him as a person who shares his successes with everyone. Adam is Living our Values.
HOC	Bobbie	Hollins	For 35 years Bobbie has and is a true example of living out values at TriHealth Inc. Her focus on patient quality and business needs is a daily value with Bobbie. New employees or established ones Bobbie is quick to give support and guidance. With Bobbie you will be greeted with a smile. To the patients she will speak positively and care deeply. Her stewardship of resources noted and thanking others for their contributions acknowledged.
TPP	Amanda	Voss	Amanda Voss along with another Employee performed CPR on a patient who was not breathing after a visit to the Kenwood Trihealth building. The patient was in her car and unresponsive when her daughter rushed back into the building for help. Amanda pulled the patient from the vehicle and put her on the ground to do CPR along with another Nurse. I know that as a Nurse CPR is something that could be expected in your job role, it just comes up so rarely in the outpatient setting. Amanda was calm, cool, collected and did exactly what she needed to do to serve the patient at that time. Amanda is polite and goes above and beyond to make everyone she encounters feel welcome and taken care of.
Pavilion/Corp Health	Jessica	Rupright	Jessica goes above and beyond every day to live our TriHealth values. She is quick to get up when members have questions, and she escorts them to their destination, so they feel welcome. Over the course of the past year, Jessica has been serving on an important COVID project for our corporate client. She has completed documentation in an electronic health record for 2,386 employees. This is a vital part of our client's strategy to ensure COVID cases are managed properly.

MHMH	Susan	Fluty	Susan Fluty is an amazing nurse. She always has a smile on her face when greeting the patient. She takes her time in telling the patient what she is about to do and what kind of test they will be having. She is very kind and caring about her patients, even on a busy night she will stand there and listen to what the patients needs and concerns are. She always goes above and beyond for not only her patients but their family or friends that are with them. She goes the extra mile every shift she works
Butler	June	Lykins	June has been with TriHealth & our sleep center for over 10 years. She doesn't just encompass one of our Always Behaviors, she is a model of how we can all live by all of them. Patients love her, and I've seen firsthand how many patients hands she's held to get them through the fear they are feeling. She doesn't just give them compassion, they also receive the highest quality testing possible. Her work is near perfection and she goes above & beyond for her department & her patients EVERY shift.
