TriHealth in the News: Working Together to Get Healthcare Right

- Building strategic and clinical partnerships with the “best of the best” to Get Healthcare Right is in our DNA.
 - In fact, TriHealth itself is the product of such a partnership –forged in the mid-1990s when Bethesda and Good Sam came together.
- A more recent example of our winning strategic partnerships is the one we share with **Anthem Blue Cross and Blue Shield**.
- I recently had the opportunity to **co-author a guest editorial in the Cincinnati Enquirer with Anthem President Jane Peterson** to share **how our partnership is making a difference in the lives of patients** throughout Greater Cincinnati.
 - Click [here](#) to read the article.
- The results of our work with Anthem are proof that **collaboration and a commitment to population health are the ways to deliver better care, better health and better value to ALL!**

TriHealth Scores at LPGA

- On Sunday, Lydia Ko took home the trophy as winner of the LPGA Queen City Championship.
- And as official healthcare partner of the tournament, **TriHealth’s world-class event medicine services team hit a “hole in one”** as they treated hundreds of players, caddies, and spectators throughout the week.
- Through this sponsorship, we were also able to **share our brand promise with thousands of spectators and participants** – allowing them to “see and hear” first-hand how we are providing “surprisingly human care” that drives exceptional health outcomes for every patient, always!
- And, **all TriHealth team members who attended were able to enjoy the tournament for free, compliments of TriHealth!**
